I. OFFICE PROCEDURE - SERVICE TO INDIVIDUAL STUDENTS

A. Scope of Service and Statistics

The statistical data contained in this report includes both the monthly intake statistics and an annual statistic composite covering the period from August 1, 1981 to July 31, 1982. This information is included in the Appendix and reflects client contact in three broad categories: 1) general information and referral, 2) advice only, and 3) cases represented, as well as case-type categorization.

B. Complaints and Client Satisfaction

During the past year the Student Legal Service's office has continued its follow-up evaluation questionnaire procedure in an effort to measure client satisfaction with services rendered. The survey results contained in the Appendix are divided into two categories: "advice only" (problems generally resolved through advice of law students in direct consultation with the attorneys) and "clients" (cases in which one of the attorneys enters an appearance of record in a court proceeding). Questionnaires were sent to each client whose case was completed during that time period and to a randomly selected one out of ten "advice only" clients. All responses were tabulated.

I. OFFICE PROCEDURE - SERVICE TO INDIVIDUAL STUDENTS

B. Complaints and Client Satisfaction (cont.)

The questions presented can be divided into three cluster groups: a) program perceptions (Questions #1, 7-11, 13-15), b) case perceptions (Questions #2-4), and c) system perceptions (Questions #5-6, 12). The percentage response to each question is fully detailed in the Appendix.

a) Program Perceptions

Data assembled indicates a continuing overall high satisfaction with the Program among both advice only contacts (A.O.s) and clients.

b) Case Perceptions

Satisfaction with case handling was very high among clients. Although A.O.s indicated a slightly lesser degree of satisfaction, the overall perception is still extremely favorable.

c) System Perceptions

Both groups appear to be somewhat skeptical regarding the efficacy of the American legal system although there is considerable contradiction in the responses.

The survey results show a high degree of satisfaction with the Program and the quality of individual representation and counseling. Efforts will be made to maintain and improve upon this record.

II. PREVENTIVE LAW ACTIVITIES

One of the primary goals of the Student Legal Service's Plan is the maintenance of a significant legal educational program aimed at informing students of their rights and obligations under the law. The efforts expended in this direction have been designed to assist students in the management of their personal affairs in such a manner as to minimize potential legal problems. This program has involved both personal appearances by the attorneys and publication and distribution of written materials designed to inform students of their legal rights and responsibilities.

Over the past year, the Students' Attorneys have given numerous talks, seminars and workshops for campus groups and organizations. They have also participated in several University functions such as New Student Orientation, Quad Day, and the Campus Resource Fair. (See Appendix).

The office continues to provide students with the many informational pamphlets published by both the Illinois and American Bar Associations. In addition, the office has published and made widely available the Student Legal Service Guide to Small Claims Court, the Guide to the Student Legal Service's Program and the Your Legal Rights and Responsibilities booklets.

Again this year efforts are being made to secure space in the Daily Illini newspaper for a column concerning various legal topics

II. PREVENTIVE LAW ACTIVITIES (con't.)

of interest to students. It is hoped and anticipated that these negotiations will be successful.

Efforts are also being expended to broaden the number and scope of publications available through the office. Preliminary drafts have been completed on several topics and as resources permit, these will be completed and made available to students.

III. LIAISON WITH BAR ASSOCIATION

The Student Legal Service's Plan mandates that the Students' Attorneys establish and maintain a liaison with the Champaign County Bar Association in order to secure local support for the Program and to facilitate effective and prompt handling of referrals. The relationship that has developed between the Student Legal Service's Program and the Champaign County Bar Association is excellent and the local bar continues to be very supportive of the Program. During the past year, Ed Rawles has served as the Champaign County Bar Association Representative on the Student Legal Service Advisory Board.

Both of the Students' Attorneys are active members of the Champaign County Bar Association, the Illinois State Bar Association and the American Bar Association. During the past year, I have continued as a member of the Illinois State Bar Association's Standing Committee on Legal Education and Admission to the Bar and as a representative from the Sixth Judicial Circuit to the Illinois State Bar Association General Assembly. I have also served as a member of the Board of Governors of the Champaign County Bar Association and the Executive Steering Committee of the Student Legal Service's Section of the National Legal Aid and Defenders Association.

IV. LAW STUDENT PARTICIPATION IN THE PROGRAM

The office has been fortunate during the past year to have had the participation of several law students in the Student Legal Service's Program under the auspices of the law school's clinical law program. Although the number of law students enrolling in the overall clinical program has declined during the past few years, Student Legal Services has managed to "employ" students both during the regular school year and the 1982 summer semester.

V. EVALUATION

The overall operation of the Program continues to reflect the broad success of the Plan. The office offers extensive educational opportunities to the student body at large and provides high-quality legal advice and representation to increasing numbers of individual students. The Program continues to receive broad support from the campus, the community and the local bar association. It has established itself as a viable and valuable service that benefits all students.

STUDENT LEGAL SERVICE ADVISORY BOARD
Minutes of the Meeting of Thursday, April 15, 1982

Present were: Michael Graham, Gina Haasis, Matt Kaufman, Terry Markus, Ed Rawles, John Scouffas and Rick Witham.

Trilateral Final Report copies were distributed to all in attendance. Graham stated that when contacted by a SORF Board member, he indicated to them that SLS would not require nor request more funding for approximately eighteen months with the current expenditure rates.

Graham stated that this would be the last formal meeting of the SLS Board. He reviewed the policy of the student members activity for the summer months, i.e. voting on petitions when necessary and the like.

The meeting was adjourned.

STUDENT LEGAL SERVICE ADVISORY BOARD
Minutes of the Meeting of Thursday, March 4, 1982

Present were: Michael Graham, Gina Haasis, Matt Kaufman, Clarence Krantz, Tim Madigan, Terry Markus, Donald McClarey, Fred Silberberg and Rick Witham.

Graham raised the issue that the Accounting Division has "apparently" located approximately \$23,000 in carry-over money for SLS. Haasis reported that the amount indicated to her by Accounting was \$22,179.82, but that she has not received any written confirmation at this time as to this amount. General discussion followed regarding the carry-over.

Graham asked the Trilateral Commission members to report on the current status of the Commission regarding an increase in the SORF fee. McClarey and Krantz indicated that they felt that SGA nor SORF would be responsive to the proposed increase in fees. McClarey indicated that SGA/SORF will be holding a referendum in April regarding the increased fee proposal. Graham proposed that with the increase, \$2 could go towards SORF and the other \$2 could go towards SLS, however, the SORF portion could be refundable, but not the SLS portion. Madigan stated that he did not feel the Board of Trustees would approve a mandatory fee for the SLS Program. General discussion followed regarding each members feelings towards this proposal. Witham stated that with the substantial carry-over, SLS should just sit back and be low-key to this whole issue. Madigan agreed, along with the remainder of the Board members taking this position also.

Graham questioned Witham as to his tenure possibilities with SLS. Witham stated that at this time, his "tentative" plans are to remain with SLS for approximately 1½ more years, however he made no definite decision at this time.

Krantz proposed that some sort of long-range budget planning guidelines be established.

Haasis raised the issue of printing of the SLS Guide to Small Claims Court. It was agreed that the booklets should be ordered at this time.

Witham presented a petition for representation for a student regarding a felony charge. General discussion followed regarding the case involved and the offices policy on representation in felony cases. McClarey questioned as to whether the student would be eligible for representation through the Public Defenders Office. Witham indicated that the only person who could determine this would be a Judge. Graham, Kaufman, Krantz, Markus and Silberberg voted in favor of the petition, Madigan and McClarey against; the petition was approved.

Graham again emphasized that with the current carry-over allowance, the Commission members should find out how SGA/SORF will handle the referendum. He stressed that it should be made clear to proponents of any change in the way SORF monies are allocated that such a change would not effect the allocation off the top designated for SLS.

The next meeting was scheduled for Thursday, April 15, 1982 at 12:00 Noon.

The meeting was adjourned.

STUDENT LEGAL SERVICES ADVISORY BOARD
Minutes of the Meeting February 18, 1982

Present were: Michael Graham, Gina Haasis, Matt Kaufman, Clarence Krantz
Tim Madigan, Terry Markus, Donald McClarey, Fred Silberberg, Rick Witham

Graham raised the issue of the current SLS cash balance and carry-over balance. Haasis reported that, according to Accounting personnel, the SLS balance as of January 31, 1982 was \$4,492. with the \$25,000. spring allocation to be channelled into the February, 1982 statement. However, no firm carry-over balance figure was available to date from the University Accounting sources.

Haasis raised the issue of further printing of the SLS publication on Small Claims Court. Graham indicated that the figures available regarding SLS finances did not allow for any such expenditure at this time.

A discussion followed regarding the need for specific delineation of any carry-over balance. Graham asked that a budget be prepared by the students' attorneys projecting SLS expenditures until the Fall semester allocation in October, 1982.

The SLS representatives to the Trilateral Committee indicated that the meetings with representatives from SORF and SGA had reached an impasse. SGA members had proposed SLS funding through a mandatory \$2.00 fee. SORF members had proposed raising the SORF fee from \$3.00 to \$4.00 to cover SLS funding. The SLS representatives generally agreed that the alternative of a separate SLS fee was negatively viewed by both SGA and SORF members. Graham asked that the SLS members submit a written report of the February 22, 1982 Trilateral Committee meeting.

The next meeting was scheduled for Thursday, March 4, 1982 at 12:00 noon, in Room 268 Illini Union (SLS office).

The meeting was adjourned.

STUDENT LEGAL SERVICES ADVISORY BOARD
Minutes of the Meeting January 21, 1982

Present were: Mike Graham, Gina Haasis, Matt Kaufman, Clarence Krantz, Tim Madigan, Terry Markus, Donald McClarey and John Scouffas

Graham raised the issue of the meeting of the sub-committee comprised of SGA, SLS and SORF members to be held the afternoon of January 21, 1982. General discussion followed regarding individual Board members' attitudes with regard to changes in SLS funding. Madigan and Graham stated that the SLS representatives to the sub-committee should stress that neither SORF nor SGA could gain "control" over SLS. Graham asked that the sub-committee issue a report regarding the January 21, 1982 trilateral meeting.

Haasis raised the issue of additional funding needed for further printing of the office's publication on Small Claims Court. Madigan moved that what, if any, money is available be allocated for this purpose. Scouffas seconded; motion carried. Graham moved that a letter be sent to the appropriate University personnel demanding current SLS budget status including carry-over amounts.

The next meeting was scheduled for Thursday, February 18, 1982 at 12:00 Noon, in Room 267 Illini Union.

The meeting was adjourned.

STUDENT LEGAL SERVICES ADVISORY BOARD
Minutes of the Meeting November 12, 1981

Present were: Mike Graham, Gina Haasis, Matt Kaufman, Tim Madigan, Terry Markus, Donald McClarey, Ed Rawles, John Scouffas, Fred Silverberg and Rick Witham

Haasis presented petition to Board. After discussion the Board voted to deny the petition for the reason that petitioner appeared to have adequate resources to retain private legal assistance.

Graham raised the issue of funding. No new developments occurred since the last meeting. Discussion followed regarding views of the SORF Board and SGA as to an additional referendum next fall for a larger allocation to Student Legal Services. General consensus was that the Board should adopt a low-key approach in exploring SORF Board and SGA sentiments regarding additional funding for Fall or Spring of 1982-83.

It was agreed that there would be no meeting held in December due to exams and resulting inability of most Board members to attend.

The meeting was adjourned.

STUDENT LEGAL SERVICES ADVISORY BOARD
Minutes of Meeting October 29, 1981

Present were: Michael Graham, Gina Haasis, Matt Kaufman, Clarence Krantz, Stan Levy, Tim Madigan, Terry Markus, Donald McClarey, John Scouffas, Fred Silverberg, Rick Witham.

Graham opened the meeting asking the Board to either approve or disapprove the petition that was presented by Haasis. The petition was approved unanimously.

Graham asked Levy to give his thoughts concerning the issue surrounding the proposed increased funding for the Program. Levy questioned whether increased funding was really necessary. Levy stated that he is not in favor of separating the Legal Service fee from SORF nor is he in favor of holding a student referendum on this issue. He felt if increased funding was truly needed and could be justified, the SORF Board should be approached and requested to provide the additional funds. He indicated that he saw little need to hire a third attorney at the present time and doubted that such a move would be well received given current economic and political realities. Levy invited questions from the Board and a short discussion of the issues raised followed.

Madigan made a motion to suspend all further conference fees, book orders, legal education seminars, etc. until further study can be made on the SLS Budget. It was agreed that requisitions already being processed need not be suspended and that the office continue to pay for supplemental updating of the present library. The motion was passed.

The next meeting was scheduled for Thursday, November 12, 1981, at 12:00 noon.

The meeting was adjourned.

STUDENT LEGAL SERVICE ADVISORY BOARD
Minutes of the Meeting on October 15, 1981

Present were: Michael Graham, Gina Haasis, Matt Kaufman, Clarence Krantz, Tim Madigan, John Scouffas, Fred Silverberg, Rick Witham

Graham opened the meeting asking the attorneys about the petition to the Board. Haasis gave the details of the petition presented. Kaufman asked for a general guideline of how students must qualify for representation, which Haasis explained. The petition was approved unanimously.

Graham raised the issue of funding and the possible separation from SORF and/or the alternatives. It was suggested that a subcommittee be formed to research the issue. A subcommittee was formed with members being: Graham, Witham, Haasis, Kaufman and Krantz. Graham asked the two attorneys to prepare a funding analysis proposal for presentation at the next Board meeting. The next Board meeting was set for October 29, 1981 at which time the Board will discuss the financial situation of SLS and the proposal presented.

The meeting was adjourned.

STUDENT LEGAL SERVICE ADVISORY BOARD

Minutes of the meeting on September 23, 1981

Present were: Michael Graham, Gina Haasis, Tim Madigan, Terry Markus,
Donald McClarey, Fred Silverberg, Rick Witham

General introduction of new Advisory Board members.

Discussion as to when the best time for the meetings to be held would be - general agreement that they would be held on Thursdays at noon in the future.

Graham read letter from Costello asking to be advised as to how SLS is conforming with Article IV of The Plan. He will respond to Costello that everything is going well. Madigan wanted to have included in the response that credit should be given to the attorneys for the outstanding work evidenced by the 1981 Annual Report Survey.

Graham asked that the new members stop by the SLS office to pick up "The Plan", 1981 Annual Report and SLS Program brochure and familiarize themselves with the efforts of the office.

Graham raised the issue of funding. He provided a basic outline of how SLS gets money from SORF and how allocations are made throughout the year. There followed a general discussion concerning possible alternative methods of increasing the annual budget. Graham suggested that the new members decide how they wished to handle the funding issue by the next meeting.

The next meeting was scheduled for October 15, 1981 at 12:00 noon.

The meeting went into Executive Session.

The meeting was adjourned.

Aids for filling out tax forms available

by Karin Flock

The thought of filling out tax forms may frighten some students, but there are several places they can go for help.

The Internal Revenue Service offers a toll free number to answer any tax questions. Calls are taken at 800-972-5400, from 8 a.m. to 4:30 p.m., seven days a week. More than 80 publications which can be ordered from tax packages are also available from the IRS.

The Champaign Public Library has a "tax tape" available. It takes the listener step by step through the Form 1040A, and 1040 itemized deductions, interest and dividend income portions. The Undergraduate Library also has documents, tapes and manuals to aid students filling out tax returns. Several tax books have been ordered and will be available in the near future, according to a library employee.

The Champaign Park District is

offering a series of sessions on processing income tax returns the first three Mondays in February. More information about these workshops is available from the park district.

The Illini Union Board discovery program, the Student Legal Services office and the Champaign Bar Association are offering a workshop March 31 to help students prepare income tax forms. The \$2 fee and registration for this session must be paid by March 29.

UIUC OFFICIAL NOTICE

STUDENT LEGAL SERVICE

268 Illini Union---333-9053-

HERE TO HELP UNIVERSITY OF ILLINOIS STUDENTS RESOLVE LEGAL PROBLEMS

WHO IS ELIGIBLE

The Student Legal Service is funded by your \$3.00 Student Organization Resource Fee (S.O.R.F.). Only students who do not receive a S.O.R.F. refund qualify for direct assistance from Student Legal Service.

Legal advice and counseling are offered to all students not seeking a S.O.R.F. refund. Courtroom representation is provided in matters for which a student would be financially unable to retain a private attorney. Students eligible for representation include those who are receiving any type of need--based on financial aid through the University, or those whose financial resources place them within the "Modest-But Adequate Budget" established by the University. In addition, all students who have not received a S.O.R.F. refund are eligible for courtroom representation in housing matters.

SERVICES PROVIDED

The Student Legal Service provides legal assistance and courtroom representation in most legal matters encountered by students, including housing, family, consumer, traffic, auto accident or insurance problems, and some criminal matters. Student Legal Service cannot represent students in matters involving real estate, wills, business ventures or most personal bodily injuries, nor can it represent one student against another.

The Students' Attorneys also offer law-related educational services to all University students through seminars, workshops and publications.

HOW TO USE THE SERVICE

If you need legal assistance, go to 268 Illini Union in person to set up an appointment. No advice can be given over the telephone.

Remember, Student Legal Service is here to serve you--Monday through Friday, 8:30-noon, 1:00-4:30 P.M. in Room 268 of the Illini Union.

SORF offers legal aid

By BARBARA FITCH

Need legal advice? As a U of I student, you have access to legal help—that is, if you haven't asked for a refund of your \$3 Student Organizer Resource Fee (SORF).

The Student Legal Service Program on campus is here to inform you of your rights and responsibilities under the law and to help resolve legal problems you may encounter while a student.

There are some important facts to know about the Student Legal Service Program, however.

While all students paying their SORF money are eligible for legal advice from the two full-time attorneys and law students associated with the office, they do not necessarily qualify for actual representation in court. In-court representation is automatically provided for eligible students for housing problems. In other areas including litigation,

(Continued from Page 1)

"They contract out with us for our services. Basically, we run a private law office, with services pre-paid," said Witham.

Witham and Gina Haasis are the two full-time attorneys and are assisted by a full-time secretary and varying number of law students in the law school's clinical program.

"The students get academic credit for their work here—it's like an internship for them," said Witham. He said about three or four students per semester are associated with the program.

The Student Legal Service Program office is Room 268 Illini Union. It is open from 8:30 a.m. to noon and 1 to 4:30 p.m. weekdays during the school year, including summer sessions. Students must come to the office in person and show their I.D.s to show that they are eligible, namely that they have not received a SORF refund. They are asked to fill out a questionnaire to outline their problem or question. An appointment is then scheduled so the student can discuss this concern with one of the attorneys or a law student.

"Students can come in and get advice even if they don't qualify (because of their income) for actual representation. We can tell them, 'Yes, you have a legal problem and you should get outside legal counsel,' or 'Look, it's not a legal problem but more of a bureaucratic problem, and here's where

tion, however, only those whose income falls within levels set by the Financial Aid Office may be represented.

The limits set are \$4,800 for Illinois resident undergraduates; \$6,296 for non-resident undergraduates; \$4,900 for resident graduate students; \$6,596 for non-resident graduate students.

Services available include help on contract and consumer matters; governmental matters such as unemployment compensation, social security, welfare, military and selective service; petitions in bankruptcy; defending claims against students; family law matters such as divorce and child custody; employment problems; small claims and criminal matters; University academic and disciplinary hearings.

There are a number of areas in which the office will not help students. These include any claims against the University or the State. The attorneys also will

not help draft deeds of trust, real estate transactions, wills or similar documents. "The reason is that we believe people seeking these probably will have the resources to afford an outside lawyer," said Rick Witham, one of the two full-time attorneys operating the program.

According to Witham, the service is completely funded by SORF which pays it an annual budget of \$60,000 under an arrangement with the University's Board of Trustees.

"We get the money 'off the top.' SORF has no control of us, or of the allocation," said Witham, explaining that the service is not part of the University program but instead operates under the auspices of the Board of Trustees.

(Continued on Page 5)

more funding could allow the program to expand.

"It's a question of quantity, not quality. If we had more money, we could do more with our efforts to inform and educate students on legal matters," he said, explaining that the office also puts out publications and takes part in seminars and public speaking engagements to promote legal education for students in general.

If there were additional resources and time, he said, "We could engage in broader based litigation which is more complex.

"Lawsuits are very expensive deals," he said. "We operate on a shoestring, which is fine, but gee, wouldn't it be nice to expand our publications, our library, our concentration?" And, he added, it would be nice to have a typewriter with a memory for paperwork.

The office publishes a booklet, Student Legal Service's Programs, which explains how students can make use of the service. The booklets are distributed to students during New Student Week, at Quad Day and during Resident Advisor orientations, and are available at the office.

"It would be great if we could mail the booklet out to all incoming students, but that costs money," he said.

Students seeking an appointment with the Student Legal Service Program staff will find one provided within two to five days of their request.

"We generally see them, on an average, in two to three days. It's quite reasonable, and I'm quite proud of our record," said Witham.

The goal, he said, "is to at least get that initial contact quickly. This is very important as the problem can be very significant to the student. They need to know where they stand. It may not be that serious a legal matter but, to them,
