

*are you planning a trip to*

# MEXICO

**for Spring Break?**

**The U.S. Department of State has issued warnings about travel to and in Mexico. Be careful!**

1. If you are driving to your spring break destination, **DO NOT** stop or stay near the U.S./Mexico border as thousands have been killed in the drug wars.
2. Don't leave the resort area. Avoid areas of prostitution and drug dealing.
3. Do not attempt to buy drugs. Drugs are no more legal in Mexico than they are in the U.S.
4. Remember what happened to Natalie Holloway on spring break in Aruba. If you're going to drink, be safe!
5. Make sure you're sober before departure time. Airlines can refuse to allow you to board if you are intoxicated.

*Have a safe and fun spring break!*
